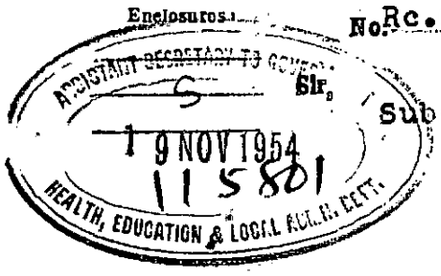
Enclosures:— No. Rc.655.D9/54. dated 15.11.1954. 195



Sir,

Sub: GRANT - Building - Sri Srinivasa Patasala Mangalore - construction of Building — Inclusion in the Part II of the Budget Estimate for 1955-56 - Requesting.

The Scheme for the construction of building for the Sri Srinivasa Patasala, Mangalore, was recommended to Government for inclusion in the approved list in the quarterly return for the period ending 30.6.1950. Probably, pending the revision of procedure to be adopted in the system of inclusion of building schemes in the list of approved works, the scheme was not taken up by Government for consideration.

2. The Estimate for the construction of a building for the school has been approved by the Consulting Architect to Government for Rs.35,300/- making the management eligible for a half grant not exceeding Rs.17,650/-. According to the revised procedure laid down in G.O.Ms.2226, Education dated 21.9.1953, provision for payment of grant has to be made only for schemes for which plans and estimates have been approved. As the present scheme has been under consideration for the last 4 years and as the estimate has since been approved, I request that a provision of not exceeding Rs.17,650/- may be made, as a special case, in the Budget for 1955-56.

3. The expenditure is debitable to the Budget head "37. Education - Special (n) Direct grant to Non-Government Special Schools -A. General -3. Buildings" in the Budget Estimate for 1955-56.

Yours faithfully,

U M Ramiah

Enclosure No.1. D. P.I's note: 11

The Correspondent of the Advanced Sanskrit School, Mangalore represents that the present accommodation provided for the school is wholly unsuitable and that he, therefore proposes to put up on an adjoining site, belonging to the temple, a building at a cost of Rs.26,000/- At present the school is located in the verandah round the temple tank. As people come to bathe in this tank at all times of the day it is not possible to carry on the work, while during festivals and such other seasons the school has to be closed. I have visited the school myself and consider that the request is reasonable.

Sub:- Building grant - Sri Srinivasa Patashala, Mangalore - construction of building - Plans and estimates re-submitted-

Ref:-Rc.No.655 D9/52 dated 7-1-1953 of the Director of Public Instruction, Madras.

I beg to re-submit the revised estimates and plans of the proposed school building for the Sri Srinivasa Patashala Middle School, Mangalore.

Though we received the communication in February 1953, the estimates could not be submitted before this, as the question of the future of the school had not been finally decided. Pending the decision of the school Council in the matter, which depended upon the ~~final~~ final say by the Trustees of the Sri.Venkataramana Temple, Mangalore, the question was kept in abeyance.

The school council has since decided to convert the school into a high school in stages and also to construct the building for the school. I have been authorised by the school council by their resolution dated 26th August 1953 to forward the estimates and plans. The school council will find the necessary finance to raise the school into a high school and also to house it in a decent building. At present the classes are held along the verandahs of the Temple Tank and the Director of Public Instruction who visited the school in 1948 was convinced of the necessity for a decent building of its own for the school.

It is prayed that the plans and estimates may be scrutinised at an early date and favourable orders passed.

The plans and estimates as revised by Sri.Arkal Raghavendra Rao, Retired P.W.D.Assistant Engineer, are submitted in duplicate.
